January, 2021 Newsletter

31850 U.S. Highway 27 South

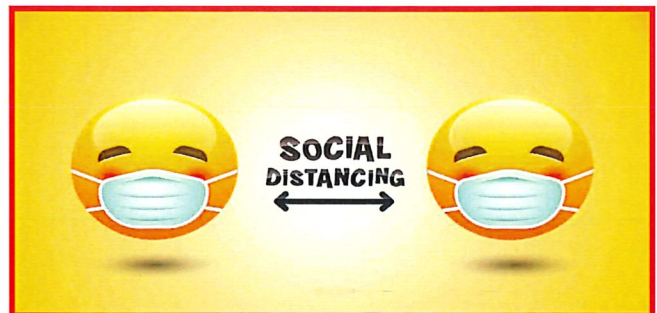

Haines City, FL 33844

Now that the covid-19 vaccine has arrived we can only hope that towards the end of January, now that we are thru Thanksgiving, Christmas, and New Year's, we will see cases go down. Hopefully we will continue to protect ourselves by wearing our masks, washing our hands, using sanitizer, and social distancing for just a while longer! We are getting closer to whatever our new normalcy will be! We have all tried so hard to not only protect ourselves but each other. I will be the first one to say this has affected me in many ways as I'm sure it has most of us. My worry has been overwhelming and my concern for not only my family but my LRV family as well. My concern for how residents will react to closures, new guidelines, etc. has been a worry for all of the LRV BODS. We understand it's been difficult but we are all in this together and feeling the pain and anxiousness this brings. All in all it's been pretty good. Yes we have heard some rumblings, even had a few come to the office, but that's ok, communication is best to release stress!

The BODS are very pleased that we are coming through this pretty well as a community. We continue to pray for those who have had COVID-19 and recovered, those that are experiencing it now, and hopefully if someone else contracts it they will be ok. The board has been told that some that have recovered are still experiencing side effects so please keep all of these people in your prayers.

So what do you think our new normalcy will be...to me it will be how we continue from here as to respecting each others beliefs in covid, and how we come back together as a community. I hope we come together much stronger as a community. Stronger in helping each other, respecting each other's beliefs, volunteering, trying new things in life, and being kind to each other. We wish all of you nothing but the best in health and happiness for 2021!
